dr zeigler the author of management of sport and physical activity the case method approach is convinced that the harvard case method should be used much more extensively and much more knowledgeably in sport and physical activity management in the 21st century using this teaching technique students read analyzed and then discussed real life administrative problems like those they would have to face in their future careers the emphasis was on careful analysis and digging for facts the instructor was very important with this approach but he she did not dominate the discussion or seek a predetermined goal he she served as 1 a resource person 2 an evaluator of progress 3 an informed member of the group 4 a discussion chairperson and 5 a summarizer the student will find however that no new supply of knowledge is included one that must be learned here instead is an approach to the learning of management that the prospective manager of sport and physical activity has not yet met satisfactorily to a truly significant degree this text can be used by itself at either undergraduate or graduate levels of instruction or it may be used as a laboratory manual in conjunction with a more traditional knowledge oriented text for example the author s management theory and practice in physical activity education including athletics was published in 2010 with this in mind also available at trafford publishing bloomington in a href trafford com trafford com down through the years of the twentieth century the case method of

instruction attracted favorable attention steadily and increasingly in business law educational administration and the social sciences many who have managed programs and who have perhaps taught the management course in the professional program have felt the need for an improved approach to the subject at hand try it yourself you and your students won't be disappointed

in an increasingly homogeneous higher education landscape does organizational identity still matter specifically church related higher education has experienced seismic shifts since the mid 1960s framed by emerging research on organizations and theories of isomorphism this book traces the forty year narratives of three colleges of the evangelical lutheran church in america concordia college gettysburg college and lenoir rhyne university are these schools seeking to preserve their religious identities and if so what organizational strategies are supporting these efforts in depth personal interviews rigorous document analysis and thoughtful observation give voice to the three stories detailed in college identity sagas for those interested in distinctive colleges religiously affiliated higher education and organization and institutional theories this book is a vital resource

a main staple of today's world that has played a key role in the development of society is education and institutions of higher learning an ongoing concern however has been the lack of access and resources to superior teaching in developing areas of the world student engagement and learning environments are just a few elements that play into the success of colleges in areas like the coast region of kenya research must be done in understanding the correlation between the tools that these institutions are equipped with and the educational results of their students effects of engagement and resources on learning outcomes in vocational colleges emerging research and opportunities is an essential reference source that discusses the relationship between college resources and students learning outcomes as well as contributing factors in promoting quality education and training featuring research on topics such as research philosophies teaching workloads and student engagement this book is ideally designed for teachers deans researchers education professionals administrators policymakers government officials and

academicians seeking coverage on the methods of acquiring and maintaining quality education in developing countries

index to the sociological papers and reports of the american sociological society 1906 1930 v 25 p 226 258

examines the everyday experiences of high school seniors as they choose their colleges and demonstrates that college choice is a more complex social and organizational reality than has been previously understood
